

Autumn League

Organised by Howth Yacht Club CLG

Saturday September 13th to Saturday October 18th

NOTICE OF RACE

AMENDMENT 01

Summary:

As part of the 2025 Autumn League, Howth Yacht Club is carrying out a trial of the ORC handicap. As this trial will be experimental in nature and designed as a learning experience for both the Race Management and Results teams, there may be small changes to the application of the ORC parameters over the series, and also potential delays in publishing the results. The Results team will focus on HPH and IRC as the standard priority, with ORC being produced as soon as is practically possible thereafter. Any boat in Classes 1 through 5 with an ORC cert is invited to participate, with a minimum of 3 boats in each class being the requirement for results to be calculated. An overall prize for each qualifying class will be included at the final prizegiving.

NoR 4.2 is changed to read

Races will be provided for the following Classes and results will be calculated on the handicap divisions listed. If six or more boats are entered with an IRC Rating of 1.045 or above, a separate Class 0 will be provided for. If Class 0 Class is not raced, entered boats of that type shall be allocated to Cruiser Class 1. If there is a Cruiser Class 0 then all references below to Cruiser Class 1, 2, 3 and Non-Spinnaker shall apply to Cruiser Class 0.

Boats which have entered the HYC Autumn League and have a valid ORC certificate dated prior to midnight 12th September 2025, shall be included in a trial of ORC results. A minimum of 3 boats per class with a valid ORC cert will be required to allow results for that class to be provided.
