

outboard Engine
Maintenance Course

OUTBOARD ENGINE COURSE SATURDAY 22 FEBRUARY.

9.30AM - 5PM MEMBERS €80, NON-MEMBERS €95

Course Covers...

Brief overview of the development of the outboard from earlier days to the present
Training presentation on the operating principles of the outboard engine
Demonstration on each section of an engine
Q&A relating to your own engines and queries.

‘Hands on’ outboard engine course aimed at smaller engines (< 10 hp) used on smaller yachts and tenders. Learn to fault-find and carry out minor maintenance and repairs (mainly focused on two-stroke engines but some 4 stroke). Attendees should dress appropriately.
